Dive into the heart of science fiction audio with Vortexa, a vast and versatile collection of over 850 meticulously crafted sound effects, designed to propel your projects into the cosmos. At a staggering 4.78GB in size and recorded at the pristine quality of 24bit 96kHz wav format, Vortexa stands at the forefront of auditory exploration, ready to unleash a universe of sonic possibilities onto your films, games, and interactive media.

Our library encompasses a wide array of categories to breathe life into your creative endeavors. From the haunting echoes of distant galaxies and the intricate nuances of alien machinery to the sheer force of cosmic explosions and the subtle stir of interstellar ambiance, Vortexa offers an unmatched palette for painting your sonic landscapes. Each sound is a product of our passion for excellence and attention to detail, ensuring they are not only of the highest fidelity but also versatile enough to be molded to fit any scenario you envision. Whether you're creating the backdrop for an epic space opera or designing the subtle cues for a near-future dystopia, our library provides the components you need to deliver with confidence.

What sets Vortexa apart is the sheer breadth and depth of its content. We have ventured beyond traditional boundaries to include sounds that resonate with the essence of space and time, offering everything from ethereal textures and mesmerizing particles to dynamic impacts and thrilling trailer essentials. Our sounds are the building blocks for your imagination, enabling you to construct vast worlds that captivate and immerse your audience.

In detail expect to find 4.8 GB of high quality sounds including 870 ready-to-use designed cinematic sound effects; consist of 61 Ambiences, 30 Booms, 43 Braams, 141 Hits, 98 Impacts, 31 Movements, 91 Particles, 96 Raw Synth Blast, 35 Small Elements, 62 Textures, 94 UIs and 88 Whooshes. Every sound was meticulously recorded at 24bit / 192kHz, designed and delivered in industry-standard 24bit / 96kHz to ensure the highest quality for today's cinematic production needs. All the sounds in this library are perfectly categorized and labeled to make it easy for you to find them and to speed up your workflow with finding the right elements quickly to evoke a specific emotion you need!

With Vortexa, you're not just accessing a sound library; you're unlocking the potential to journey beyond the known. Each sound invites you to explore, manipulate, and integrate, ensuring that your projects not only sound unique but also resonate with the depth and dimension of professional science fiction productions. Join us in shaping the future of sound design, where every project is an opportunity to explore new horizons and push the boundaries of creativity.

A Galaxy of Sounds at Your Fingertips!

### LICENSE GRANT

This license is granted for a single user only (and is given on a worldwide basis). The license is non-exclusive and is granted for the full period of copyright protection and sound samples. No unlicensed use is permitted. All sounds and samples contained in this product are copyrights of Cinetools.

Cinetools allows you to use any of the sounds and samples in the library(s) you've purchased for the creation and production of commercial recordings, music, sound design, post production, or other content creation without paying any additional license fees. The Licensee may use the Sounds in combination with other sounds in music productions (which include soundtracks of such as films, video productions, radio/TV programs or commercials, computer games and multimedia presentations, library music), public performances, and other reasonable musical purposes within musical compositions.

The Licensee may modify the Sounds and may use the Sounds for commercial purposes as part of a musical composition with other sounds.

This license expressly forbids usage of Cinetools products (in particular samples, loops, cues) to create sounds OR other content for any kind of virtual instrument, sample library, sample-based product, musical instrument, or competitive products that are sold or relicensed to multiple third parties. In these scenarios the Licensee must arrange an extension with Cinetools.

In addition, "naked" or "isolated" samples, loops, cues are not to be sold or distributed as individually licensable "stripes", "work parts" or "elements" and cannot be used to create tracks for Library Music.

This license also forbids any unauthorized transfer, resale or any other form of re-distribution of this product, or its constituent sounds or programming, through any means, including but not limited to re-sampling, reverse engineering, de-compiling, remixing, processing, isolating, or embedding into software or hardware of any kind. You cannot electronically transfer the sound samples or place them in a time-sharing or service bureau operation or a computer/sampler network.

### RIGHTS

Cinetools retains full copyright privileges and complete ownership of all recorded sounds, instrument programming, documentation and musical performances included within this product.

### REFUNDS

Downloaded libraries can't be returned, so we can't provide refunds or exchanges - unless you have a faulty product. In this scenario, that product will be exchanged for the same product for a period of 30 days - PLEASE be aware that as soon as you've downloaded it, it can not be returned.

### TERMS

This license agreement is effective from the moment the product is purchased or acquired by any means. The license will remain in full effect until termination by Cinetools. The license is terminated if you break any of the terms or conditions of this agreement, or request a refund for any reason. Upon termination you agree to destroy all copies and contents of the product at your own expense.

Licenses cannot be transferred or sold to another entity, without written consent of Cinetools.

By purchasing this product you agreed all the terms, conditions and limitations of use contained in this agreement.
