Modern Trailer Sound Effects

Introducing “Torque”, an epic and monumental sound library from Cinetools that delivers the next generation of cinematic trailer sound design. This massive collection features over 1000 high-quality, larger-than-life sound effects meticulously designed to create a heightened sense of tension, drama, and power across a wide spectrum of genres. Spanning from Sci-Fi to Drama, Thriller to Horror, Adventure to Fantasy, Mystery to Crime, and Action “Torque” embodies the core elements of modern cinematic storytelling. Whether you're working on a blockbuster feature film, an immersive video game, or a captivating trailer, this library provides the quintessential sound effects to make your project stand out. At the heart of “Torque” lies an unparalleled selection of powerful and aggressive sounds designed to push boundaries and elevate your audio production. The collection offers a broad array of categories that cover every major sound requirement for trailers and cinematic scenes, making it an all-in-one toolkit for sound designers, filmmakers, and video editors.

What's Inside; “Torque” features a vast range of sound elements to meet your cinematic needs. The collection includes thunderous hits and booms for impactful moments, dynamic rises and pulses for building tension, and atmospheric soundscapes to set the mood. You'll also find growling synth basses, deep reverbs, and percussive drum hits and loops to add intensity. Additionally, the library contains stingers, whooshes, and transitions that punctuate action and heighten suspense, as well as stutters, benders, and noises that add texture and avant-garde effects to your project. Each sound is crafted to enhance the drama and energy of your scenes, giving you the tools to elevate your storytelling across multiple genres.

Tailored for Every Genre; “Torque” is designed with versatility at its core, perfectly suited for all major film genres. Its deep, rumbling braams and futuristic pulses set the stage for epic Sci-Fi adventures, while emotional atmospheres, subtle stingers, and delicate rises enrich character-driven dramas. Horror and thriller projects can tap into eerie soundscapes, spine-chilling whooshes, and unnerving stutters to build tension and fear. For fantasy and adventure, “Torque” offers monumental drum loops, epic hits, and soaring rises that bring a sense of magic and excitement. Crime and mystery productions benefit from suspense-building risers, mysterious pulses, and impactful stingers that enhance plot twists and investigation sequences. No matter the genre, Torque provides the audio elements to elevate any scene and immerse the audience in the story.

Enhance Every Scene; Every sound in “Torque” has been designed with precision to fit into the most critical moments of your production. These sounds are ideal for creating a sense of impending action or tension, heightening the emotional experience of your story, and preparing your audience for significant plot developments. Whether you're punctuating fast-paced action sequences, enhancing dramatic dialogues, or creating an eerie atmosphere of suspense, this library provides everything you need to elevate your project to the next level.

Perfect for Trailers, Games, and Immersive Media; “Torque” isn't just limited to films and trailers. It's a must-have for video game developers, multimedia producers, and anyone working in immersive storytelling formats. From adrenaline-pumping action scenes to atmospheric sequences that draw the audience in, these sounds work seamlessly across a range of media to create a truly captivating experience.

THANK YOU!

Thank you for enjoying "Torque"; This massive collection features over 1000 high-quality, larger-than-life sound effects meticulously designed to create a heightened sense of tension, drama, and power across a wide spectrum of genres. Spanning from Sci-Fi to Drama, Thriller to Horror, Adventure to Fantasy, Mystery to Crime, and Action "Torque" embodies the core elements of modern cinematic storytelling.

If you have any questions or need anything at all, just let us know. We're always happy to hear from you..

**LICENSE AGREEMENT**

By downloading the library you accept the following license agreement:

**LICENSE GRANT**

This license is granted for a single user only (and is given on a worldwide basis). The license is non-exclusive and is granted for the full period of copyright protection and sound samples. No unlicensed use is permitted. All sounds and samples contained in this product are copyrights of Cinetools.

Cinetools allows you to use any of the sounds and samples in the library(s) you've purchased for the creation and production of commercial recordings, music, sound design, post production, or other content creation without paying any additional license fees. The Licensee may use the Sounds in combination with other sounds in music productions (which include soundtracks of such as films, video productions, radio/TV programs or commercials, computer games and multimedia presentations, library music), public performances, and other reasonable musical purposes within musical compositions.

The Licensee may modify the Sounds and may use the Sounds for commercial purposes as part of a musical composition with other sounds.

This license expressly forbids usage of Cinetools products (in particular samples, loops, cues) to create sounds OR other content for any kind of virtual instrument, sample library, sample-based product, musical instrument, or competitive products that are sold or relicensed to multiple third parties. In these scenarios the Licensee must arrange an extension with Cinetools.

In addition, "naked" or "isolated" samples, loops, cues are not to be sold or distributed as individually licensable "stripes", "work parts" or "elements" and cannot be used to create tracks for Library Music.

This license also forbids any unauthorized transfer, resale or any other form of re-distribution of this product, or its constituent sounds or programming, through any means, including but not limited to re-sampling, reverse engineering, de-compiling, remixing, processing, isolating, or embedding into software or hardware of any kind. You cannot electronically transfer the sound samples or place them in a time-sharing or service bureau operation or a computer/sampler network.

**RIGHTS**

Cinetools retains full copyright privileges and complete ownership of all recorded sounds, instrument programming, documentation and musical performances included within this product.

**REFUNDS**

Downloaded libraries can't be returned, so we can't provide refunds or exchanges - unless you have a faulty product. In this scenario, that product will be exchanged for the same product for a period of 30 days - PLEASE be aware that as soon as you've downloaded it, it can not be returned.

**TERMS**

This license agreement is effective from the moment the product is purchased or acquired by any means. The license will remain in full effect until termination by Cinetools. The license is terminated if you break any of the terms or conditions of this agreement, or request a refund for any reason. Upon termination you agree to destroy all copies and contents of the product at your own expense.

Licenses cannot be transferred or sold to another entity, without written consent of Cinetools.

By purchasing this product you agreed all the terms, conditions and limitations of use contained in this agreement.
